Medals for City Firemen

By a staff reporter

FIVE Sheffield firemen today received long service and good conduct medals from the Lord Mayor, Ald., Sidney Dyson.

An assistant divisional, officer, a station officer and three leading firemen qualified for the awards with at least 20 years' service. All joined the brigade in 1950.

Missing from the presentation, in the appliance room at Division Street headquarters, was Station Officer E. Brown who is recovering from an operation. He has charge of No. 3 station in Low Edges Road.

Wives and families of medal winners attended the presentation. Also present were the Chief Fire Officer, Mr. Stanley Lambert, and members of the fire brigade sub-committee.

The five recipients (left to right in the picture) were: ADO John Butler attached to the fire prevention department; Station Officer Kenneth Peckett, serving at Division Street; Leading Fireman Kenneth Danks from No 2 station in Darnall Road, and Mosborough leading firemen Gordon Farmer and Cyril Roberts.
